*Learn Proper Threading Techniques with Live Demonstrations*

April 4, 2017

## Location:

Phillips Corporation  
7390 Coca Cola Drive #200  
Hanover, MD 21076

## Agenda:

### *Morning Session*

8:00 - 12:00

### *Light Refreshments*

11:30 - 1:00

### *Afternoon Session*

12:30 - 4:30

## RSVP by:

March 27, 2017

*Are you using the best threading techniques for your application?  
Could thread forming or thread milling be saving you time and money?*

Attend OSG's Threading Seminar and hear from highly skilled experts with extensive application knowledge and experience. You will be guided through proper drilling, cut tapping, thread forming and thread milling techniques that could increase your productivity and thread quality.

During the seminar expect both classroom presentations, discussion as well as live demonstrations. See the techniques in action!

Choose from two sessions and join us for light refreshments from 11:30 to Noon.  
***Because of the limited space, we ask that you limit your company to two attendees.***

## Hosted by:

OSG USA, INC. and Phillips Corporation, a HAAS Factory Outlet in cooperation with MSC Industrial

**Space is limited, RSVP Today!**
