

# **ADDITIVE MANUFACTURING**

## **WORKSHOP – PFLUGERVILLE, TEXAS**

### **About this Event**

EOS North America and Phillips Corporation, Federal Division are hosting a hands-on Additive Manufacturing Workshop exclusive to the Federal Government on October 22<sup>nd</sup>, 2019.\*

Well into its maturity, additive manufacturing (AM) is revolutionizing manufacturing. Not just for rapid prototyping, but for complex production, low-cost customization, rapid turnarounds, and more. This workshop will provide hands-on demonstrations for the entire build process of AM parts from software to surface finishing. Join our certified AM Application Engineers to discuss your questions and learn more about getting AM in your facility.

This workshop is customizable to fit your facilities needs with:

- Software Demos
- Live Machine Demos on the EOS P 110 and EOS M 290
- Part Orientation and Part Selection Discussions
- Breakout Sessions and Machine Cleaning Demos
- Material Handling and Powder Change Demos
- Open Discussions and Panelists from the Federal Government

\*This event will have a networking dinner on the evening of October 21<sup>st</sup> in the Courtyard by Marriott Austin Pflugerville hotel.

\*On October 22<sup>nd</sup>, all meals will be provided. There will be an off-site dinner with transportation provided.

### **Agenda (Agenda Subject to Change\*\*)**

7:30am - 8:00am Continental Breakfast/ Coffee Bar

8:00am Introduction

8:15am - 9:15am Tour of Showrooms

9:15am - 10:00 am Set up the EOS M 290 and the EOS P 110

10:00am - 11:15am Magics, EOS Print, Part Orientation, & Parts Selection

11:15 - 12:00 LUNCH

12:00pm - 1:00 pm Additive Minds Innovation Challenge

1:00pm - 2:00pm Open Discussions / Panelists

2:00pm - 3:45pm Part Breakout Sessions on the EOS P 110 / Material Handling & Powder Changes

3:45pm - 4:00pm What is new with EOS / Questions

5:30pm Transportation to Networking Dinner

6:00pm Networking Dinner at Contigo Texas

### **Location**

EOS North America  
3813 Helios Way #298  
Pflugerville, TX 78660

### **Date and Time**

Tuesday, October 22nd, 2019  
8:00 AM – 4:00 PM CT

### **Local Hotels**

Courtyard by Marriott Austin Pflugerville  
16100 Impact Way, Pflugerville, TX 78660  
(512) 220-2525

### **About EOS North America**

As a producer of systems for the additive manufacturing of components in metal and polymers, EOS enables their customers to produce high-quality products based on industrial 3D printing technologies. With their innovative manufacturing systems, EOS is the global technology and quality leader for high-end solutions in the field of additive manufacturing (AM). Founded in 1989, EOS is a pioneer and world leader in the field of Direct Metal Laser Sintering (DMLS) and provider of highly productive Additive Manufacturing Systems for plastic materials. Furthermore, EOS's customers benefit from deep technical expertise in global service, applications engineering, and consultancy.

To learn more about EOS, visit their website at <https://www.eos.info/en>.

### **About Phillips Federal**

With more than 70 years of experience, Phillips Federal is the largest supplier of services and manufacturing equipment to the U.S. Federal Government. Phillips Federal provides access to the newest technologies, represents the most respected brands, and offers unparalleled engineering expertise in both traditional and additive manufacturing. Phillips Federal is represented on GSA Advantage and [www.phillipsfederal.com](http://www.phillipsfederal.com).

For more information, visit [www.phillipsfederal.com](http://www.phillipsfederal.com).
